Congratulations!

Katarzyna Stoltmann

Berlin Chapter

Recognizing Kasia for Her dedication to supporting WiBD shines through in every initiative she undertakes and in the unwavering support she offers to the core team and every community member she connects with. Despite facing big transitions this year—changing jobs and cities—she poured incredible time and energy into the organization, inspiring the team and successfully planning multiple events. On top of all that, she's a kind-hearted person who spreads positivity wherever she goes.

Congratulations!

Aliya Boranbayeva

Berlin Chapter

There are no words to describe, how Aliya is dedicated to Women in Big Data Berlin. She is one of the most reliable person, I have ever worked with. And she is doing it volunteering.

Aliya is responsible for communication and its strategy in our chapter. She conducts the interviews, creates videos, and drives communication around all events. She is the person behind the most communication of our chapter - staying very humble behind the scene.

Congratulations!

Maria Beiner

Berlin Chapter

Maria visited several events and hackathons of our chapter and finally she joined our core team. Immediately, she took the ownership of Speed Mentoring Germany-Switzerland and notion to make our work even more professional and even more international. With her charisma, Maria is definitely a leader to be and her team will be very proud to have her as leader. Congratulations!

Anita Fechner

Berlin Chapter

Anita Fechner has a lot of experience in management. Thanks to this, she brings amazing perspectives in keeping balanced responsibilities between the team members. She joined the team last year and has already organized couple events and is the owner of our podcast of Women in Big Data Berlin. Congratulations!

Yulia Tokareva

Berlin Chapter

Yulia has been project manager for several years. She enriches the team with her experience. She is the owner of notion - our intranet to make our work more professional as we are growing. On top of this, she supports our events while being moderator and speaker.

Congratulations!

Itai Yaffe

Berlin Chapter

Itai moved to Berlin this summer and joined immediately our team. He is the ally of the year, who brings a lot of global women in big data perspectives into our team. For instance, he was the one who shared with us that the global chapter was co-founded by a man.

Congratulations!

Neil Metzler

Berlin Chapter

We would like to acknowledge Neil as of our key allies with his continuous contribution to Women in Big Data. This year he delivered a keynote on career development, participated as a panelist discussing diversity in tech, and shared his expertise as a mentor during a speed mentoring session.

Congratulations!

Katarzyna Stoltmann

Berlin Chapter

As leader of the core team, she is responsible for the short- and long-term strategy of Women in Big Data Berlin and the ways of working. In 2024, she has recruited four additional team members, acquired additional sponsors and partners, mentored three international chapters, started the first speed mentoring initiative for Germany and Germany-Switzerland, organized first two hackathons on Gen AI. Congratulations!

Andrea Leylavergne

Paris Chapter

Andrea, as a team leader, has been the driving force behind the structured implementation of a long-term development strategy for the Paris Chapter. She has successfully forged impactful partnerships with academia, technopoles and other industry players. She is highly committed training and mentoring WiBD initaitives and has elevated the chapter's global presence by showcasing leading contributors at prestigious international data events..

Congratulations!

Sharone Dayan Boubli

Paris Chapter

Sharone has been a driving force behind Women in Big Data Paris, dedicating her efforts to organizing inspiring events, from introducing young women to the world of data to leading discussions on machine learning and orchestrating speed mentoring program for the Paris Chapter. Her unwavering commitment has profoundly empowered members to excel in their data and AI journeys.

Congratulations!

Nellie Aboudaram Maufras

Paris Chapter

Nellie has devoted countless hours to raising the profile of the Women in Big Data Paris Chapter among partners and newcomers. Her efforts have been instrumental in inspiring young women to discover the fascinating world of data. Thank you for your remarkable dedication.

Congratulations!

Corinna Meier

NRW Chapter

Corinna deserves to be Outstanding Volunteer of the Year for her outstanding dedication and impact. Always helpful and approachable, she organized and supported events with great success, leaving a lasting positive influence on our community. Her hard work and enthusiasm truly embody the spirit of volunteerism.

Congratulations!

Ann Katrin

NRW Chapter

.

Ann Katrin consistently inspires our team with her experience, enthusiasm, and dedication. Beyond her invaluable support and guidance, she has taken the lead in organizing impactful events and afterworks, creating opportunities for collaboration and connection..

Congratulations!
